BODEGAS
LUNA BEBERIDE

“So far it is the wine I have risked the most, it is a very personal wine, in which I have tried to show people what a small plot is like, where the qualities are different from the rest. It conveys the essence of a different and special landscape. I try to make people see the area by tasting this wine.”

We have only produced **666 bottles** of this vintage, all of them numbered.
